THREADED ELECTRODES

Tipaloy manufactures both hex and round threaded electrodes in RWMA Class 2 and 3 materials. Thread sizes are available in both English and metric threads. We currently maintain a large inventory of threaded electrodes. However, if we do not have the specific threaded electrodes your require, we can manufacture them quickly and competitively.

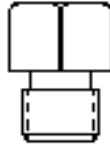

Note: Other thread sizes, face diameters, and shapes available.

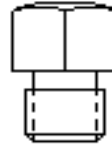

A-Nose
Pointed 45° ¼"
face dia

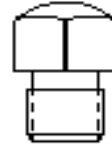

B-Nose
Dome ¼"
face dia

C-Nose
Flat Mtl
Hex Dia.

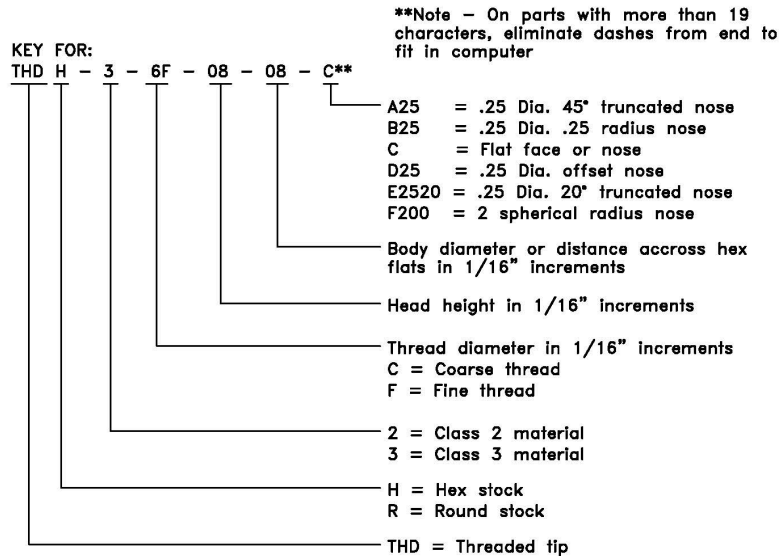

E-Nose Truncated
20° ¼"
face dia

F-Nose
Radius 2"
Spherical

THDH/THDR Threaded Tips

Thread Size NC & NF*	A Dim	B Dim
1/4-20 & 28	3/8	.09
5/16-18 & 24	3/8	.09
3/8-16 & 24	3/8	.09
7/16-14 & 20	1/2	.12
1/2-13 & 20	1/2	.12
9/16-12 & 18	5/8	.15
5/8-11 & 18	5/8	.15
3/4-10 & 16	3/4	.18
7/8-9 & 14	7/8	.18
